KMPO 2017-2021 Transportation Improvement Program Amendment #5, Administrative Amendment to increase Design and Engineering funds for 2 ITD projects in FY 2017

KMPO has been requested by the Idaho Transportation Department to modify 2 projects currently programmed in the 2017-2021 Transportation Improvement Program for the FY 2019 program year, having their Design and Engineering funds increased in FY 2017. Those projects are:

Key Number	District	Year	Program	Route, Project Name	Program	FY17 Federal-Aid Scheduled Funding		Revision
						Current	Revised	
19326	1	2019	STATE, FY19b D1 BRIDGE REPAIRS		Bridge Preservation	15,000	70,000	Increase PC \$55k for consultant agreement
19385	1	2019	SH 53, UPRR BRIDGE, NEAR US 95		Bridge Restoration	1,010,000	1,075,000	Increase PC \$65k for supplemental agreement

Since the two projects are already contained in the current TIP, public involvement has been conducted, which allows for the Design phase begin. ITD will certify that funds are currently available within the Federal Aid program for FY 2017 in order to obligate the funds from the Federal Highway Administration.

The Kootenai Metropolitan Planning Organization, approves this Administrative Amendment to increase the PC amounts for KN 19326 \$55,000 and KN 19385 \$65,000 in order to conduct the increased activities associated with the project.
